About me

I am Ridvan Güzel, a graduate of İzmir Bakırçay University with a degree in Management Information Systems. I have a strong interest in Information Technology and Digital Transformation, always eager to learn new things in these fields. I have been passionate about web development and UI/UX design for a long time. Additionally, I graduated from high school with a focus on Information Technology - Web Development. I continuously explore new knowledge in technologies such as JavaScript, ASP.NET, UI, and UX, striving to enhance my skills in web development.
